

Facilitate your online learning journey

CUHK the Explorer, an application that helps you to manage all the daily problems and issues on the same website. Makes your online learning journey more fruitful!

[Get Started](#)

Our services

We provide to you the best choiches for you. Here are some core features in our first stage of development. All of these are free of charge and available to all CUHK members.

Course Evaluation

Students can rate and comment on the courses which they have taken for the reference of other students interested in the courses.

Instant Chat

Students can chat and talk to each other about their studies, students can also ask questions to instructors or TAs instantly.

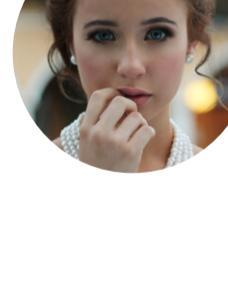

Forum

Students can discuss their studies or school life here. Become a member of the CUHK family

About Us

We are the student studying CSCI3100. This is our project on software product development. We hope this website could be helpful for CUHK students to manage their studies, especially in such a pandemic time. We are from different majors and specialised in various aspects.
